

SurfaceGlide™ Outdoors

SURFACEGLIDE OUTDOORS - KEY ATTRIBUTES

STYLISH SIMPLISTIC DESIGN WITH SLOW SELF CLOSING ACTIVATED SEAT INCLUDING BACK GLIDE MECHANISM

- **Elegant Thin Profile Design** with compelling visual dynamics measuring 4" (102mm) thick, will remain current for a lifetime. The design allows SurfaceGlide Outdoors to be mounted to any wall or column surface maximizing space utilization, and putting seats where no seats could have been used before.
- **Simple Yet Sophisticated** slow self-closing seat system, with high quality of movement during all phases of seat use. The self-closing system is very durable and has passed testing of over **300,000 cycles**.
- **Patented Back Glide System** allows user to sit in comfort at a 16-degree angle and returns to a fully closed 4" vertical position when not in use.
- **Wood Slats** add durability for use outdoors or in high traffic use areas.
- **Replaceable Wood Slats** allow for quick change should wood become damaged or outlives its useful life span by removing just a few screws.
- **Environmentally Sensitive Design & Engineering** allows SurfaceGlide Outdoors to be repurposed for many years of durable service. Once SurfaceGlide Outdoors does reach the end of its useful life span all parts are completely recyclable.
- **Series Seating manufactures in house all product components** including foam, engineered wood, steel, and upholstery saving cost and improving quality control on all products.
