MODEL-h-KEY ATTRIBUTES

HIGH DENSITY UPHOLSTERED STACKING CHAIR WITH SIMPLE DESIGN AND COMFORT

- **Elegant Simple Design** with compelling visual dynamics will remain current for a lifetime.
- **Surround Foam Patented System** adds to your comfort, prevents fabric marks, prevents foam deterioration and keeps a cool temperature for long lasting use.
- **Patented Seat & Back Tubular Steel & Mesh Construction** maintains shape, increases durability and comfort to your seat and back. Backs have standard lumbar support. The seat construction will support up to **600 lbs.** on the front edge of the seat and up to **900 lbs.** across the middle of the seat.
- **Removable Slip Cover Upholstery** allows for quick change should fabric become soiled or outlives its useful life span without fabric puddling.
- **Linking Systems** allows you to connect chairs to each other on straight, radius or reverse radius row configurations.
- **Front Stacking** allows you to stack up to **30 chairs** and go through a standard **8-foot-high** door.
- **Series Seating manufactures in house all product components** including foam, engineered wood, steel, and upholstery saving cost and improving quality control on all products.
